Weekly city case report, week 45, sample district

This sample shows the layout of the weekly report a city team or town council receives. The district, contractors and every figure are invented.

214	198	1.6	9
work orders sent	closed on camera	average days to close	overdue

Work orders by contractor

Contractor	Work orders	Closed on camera	Average days	Overdue
Waste collection, all zones	96	92	1.1	2
Drainage maintenance	41	37	2.4	3
Road maintenance	52	47	1.9	3
Utility works permits	25	22	1.2	1

Cases by type

Illegal dumping	58
Drains and standing water	41
Overflowing bins	38
Road damage	34
Road works and permits	25
Visual pollution	18

Cases by zone

Zone A	61
Zone B	54
Zone C	47
Zone D	52

Average days to close, weeks 38 to 45

Week	38	39	40	41	42	43	44	45
Days	3.4	3.1	2.9	2.6	2.3	2.1	1.8	1.6

Each closed work order links to its clip and its closing photo from the same camera. Approved by the district operations manager before it is sent. Sample report. Simulation.
