City case closure report, October 2026

This sample shows the layout of the monthly closure report a city team receives. The districts, contractors and every figure are invented.

856	812	1.7	21
cases opened	closed with photo evidence	average days to close	overdue at month end

Closure by district

District	Cases	Closed	Closure rate	Average days	Overdue
District A	244	233	95%	1.5	5
District B	216	205	95%	1.7	5
District C	188	176	94%	2.0	6
District D	208	198	95%	1.6	5
All districts	**856**	**812**	**95%**	**1.7**	**21**

Cases by type

Closure by contractor

Contractor	Cases	Closed	Closure rate	Average days	Overdue
Waste collection, all districts	384	370	96%	1.2	6
Drainage maintenance	164	152	93%	2.5	6
Road maintenance	208	195	94%	2.0	6
Utility works permits	100	95	95%	1.3	3

How to read this report. A case is closed when the same camera shows the street clear or repaired, and the before and after images are kept with the case. Cases still open at month end are either inside their deadline or counted as overdue.

Cases still open inside their deadline at month end: 23.
