All sites	**126**	**100%**

How each incident ended

Outcome	Incidents	Share
Person left after the voice warning	23	18%
Officer sent to the scene	31	25%
Closed by the control room with the clip and a note	72	57%

How to read this report. An incident is an alarm that was checked on camera and confirmed as real. Alarms dismissed with a reason are listed in the weekly site report. Each incident keeps its clip, its timeline and the name of the person who closed it.
